

Barn Door Furniture has had a working relationship with INCO for many years. INCO's staff have been easy to work with and have provided us with a much needed service. Our inventory personnel were making all our hardware bags and at times could not keep up with our needs. INCO has met our needs with product on time without fail. The staff has also provided us with an inventory each month, so that our staff have not had the responsibility of coming to INCO's location to take inventory of our parts. Hardware bags are no longer a problem for Barn Door. We know we will have bags when needed and the parts in the bags will be accurate. All of INCO's staff have been pleasant and professional to work with.
