Dear Louis,

Raleigh Vocational Center has been an outstanding partner in providing our fulfillment and logistical service needs over the past 5 years. Their attention to detail and ability to turn even the largest projects around quickly at competitive pricing has enabled us to not only meet but exceed our client's expectations on product delivery. RVC has set the benchmark on turn-around time, flexibility, and pricing and will continue to excel through the dedication of their employees and the companywide commitment to providing the highest quality of service and pricing available.

Sincerely

Alex Stowe
